Arrest at Spectrum Butterworth Hospital

Grand Rapids, MI (November 21, 12:30 PM)

Grand Rapids Police have an adult male in custody after he reportedly gained access to a secure area of Spectrum Health Butterworth Hospital and set a small fire.

At about 8:20 AM the Grand Rapids Police Department was notified by Spectrum Security that a subject was able to gain access to a secure area of the hospital and set a small fire. Spectrum Security was able to take the suspect into custody with no injuries reported and only minimal damage.

Once officers were on-scene, they learned that the fire was set inside the hospital on an upper level used for mechanical purposes. The fire alarm was pulled and the suspect was able to gain access to the roof and helipad, but no fire was set on the helipad.

The Grand Rapids Police Department's Detective Unit has taken custody of the suspect and is currently investigating the incident. The identity of the suspect is being withheld pending formal charges. At this time, Investigators are working with Spectrum to find out how the suspect gained access to the roof and why the fire was started. Investigators wish to convey to the public that there is no additional concern for danger, as it is believed that the suspect was alone and that no one at the hospital was injured.
